Campsey Suite Make-Over Unveiled

The Best Western White Horse Hotel has unveiled its dramatic new makeover for the "Campsey Suite", which officially opened in May.

The refurbishment not only modernizes the 130 person function room but sets a new precedent in opulence and luxury at the White Horse, offering a truly spectacular setting for any wedding, conference or special occasion.

The style adopted is sophisticated and elegant, but also creates the "wow" factor as soon as you enter the room.

All in all, an impressive modern stylish ballroom has evolved.... one which serves many purposes and also upgrades The White Horse Hotel to the new must-see venue in the North West.
